Beyond the campus environment related activities:

To establish a collaborative partnership between our College and the ECO Club (Oiko Essence) to promote green initiatives and address environmental issues within the college community, an MOU has been entered with the Oiko Essence with the objectives:

- To foster environmental awareness among college students.
- To promote sustainable practices and initiatives within and outside the college campus.
- To collaborate on educational programs, workshops, and events related to environmental conservation.
- To encourage student participation in green projects and initiatives.

The college is extending the required support for the activities of the ECO Club. It is making the arrangements for space and facilities for Club meetings and events. College is also keeping sessions for students to integrate environmental topics into the college curriculum. All the faculties are actively involved in this and support in environment related issues and Club initiatives in this regard. The MOU is attached herewith.
