Ref. No. FB/142/2021-22 Action Taken Report for the academic year 2021-22 Date : 23/04/22

The feedback was taken from the stakeholders like Students, Alumni, teachers, Parents & Industry related people. The responses received were placed by the principal before the management in the meeting. A thorough discussion was held and accordingly the actions taken, the details are as under.

- New courses as per the suggestions received from industry related persons and the alumni are introduced to inculcate desired skills among the students to match with the industry requirement.
- Student: The institution is continuously working to upgrade the infrastructure on campus in order to provide its students with improved facilities. In order to make the campus more beneficial for the students, we are utilising every nook and cranny of it. The decision form the smart classrooms was also taken up and was budget for the next academic year.
- Canteen: In order to ensure that students are able to take pleasure in their meals, the college has significantly increased the number of seats available in the canteen as well as the variety of food dishes that are available. The highest priority is always cleanliness.
- Lab In the laboratory, the college is constantly upgrading its software and expanding its number of personal computers in order to better meet the requirements of its students.

- Lab In the laboratory, the college is constantly upgrading its software and expanding its number of personal computers in order to better meet the requirements of its students.
- Office: the staff is working with the utmost care to save students time on matters relating to the office, such as filling out forms, paying fees, and other similar tasks.
- The library: we have increased the number of books in order to lessen the shortage of books that are available in order to make the process of learning more streamlined.
- Washrooms: In order to ensure that their cleanliness is maintained and to prevent any potential health problems, the restrooms are cleaned four times per day. Wherever there is a need, disinfectants are readily available.
- We have increased alumni meet in order to connect with the students and get their involvement and active suggestions. Our Alumni suggested starting of new degree courses related to Computer Science, Pharma and IT related. The discussion on this that had taken place the CDC to find out how the college can go for this courses or any other new degree courses and the involvement of funds and the regularity requirements to be assessed.
- As suggested by our stake holders we have approached few companies for internships for our students so as to give them experiential learning , and to make them industry ready we are also in the process of introducing skill oriented courses.
- As per the parents suggestions we have started the use of whatsapp group for them.

Only one regret is that Arts should have met further education. It started with MA. Many questions will be solved about further education.	Expectation is only one as you commerce is very priority also we should meet him MA is everything education in college our art promotion only as it is art's but further education should meet she just try to facilitate	It is essential in today's age to have your skills	There is a need for industry because today it is not so important that we work in any field as much as what industry we do and how we grow it, so industry is a must.	Curriculum is all there is in the campus but apart from that it would be good if you start a drama class because still many people don't know what drama is.	Nothing this institute has given me a lot and the institute will continue to give me a lot more.	In today's age education is very important as much as industry is the major subject yet it is important to understand more nuances and solve it I think training can be given for both.
