**Report of Orphanage Home Visit**

**Academic Year - 2021 - 2022**

Thursday, 23 September 2021 ; Student of Eknath B Madhavi senior college of Arts Commerce and Science along with faculty members visited Balika Bhavan Orphanage in Titwala Tal-Kalyan. Balika Bhavan Ashram is a home for girls orphanage up to age of 18. 22 volunteers from Degree College visited the place.

Balika Bhavan Orphanage is an independent Orphanage home run by Face of God Foundation. At present 40 to 45 orphan girls between 3 to 18 years of age are living in Balika Bhavan Ashram

We reached the Orphanage at around 11:00 AM. The girls of Balika Bhavan Ashram were very pleasantly excited to receive the Students. The girls greeted us with great enthusiasm. We also met the caretaker. While interacting with the caretaker, we got to know the history of the orphanage how it was established.

After that student volunteers distributed the snacks to the girls. The students interacted with the girls. They also engaged them with various games and fun activities. All the girls looked so excited and joyful.

On this occasion faculty members handed over the envelope of Money as a token of love which was collected by the student volunteers from the students and staff of the college for this noble cause to the caretaker.

The team spent an about three hours with the girls before saying goodbye to them.

**Tree Plantation**  
**Academic Year 2021 - 22**  
**Date: 16/10/2021**

Trees are the lifeline of all human beings. Our E. B. Madhavi Sr. College, Dombivli, NSS unit organized a tree plantation initiative in the adopted Ayre village. 44 students participated in this program. Our college management provided variety of saplings to make the tree plantation successful and the students enthusiastically planted the saplings in the available spaces. The people living in the vicinity voluntarily took the responsibility to take care of the saplings and water them regularly.

Academic Year: - 2021-22

Name of the Activity: - "Save Girl Child Awareness" through street play.

Date: - 24<sup>th</sup> January 2022

Time: - 9.30 am

Venu: main areas of Kalyan Dombivli Municipal.

Organized By: - Women Development Cell

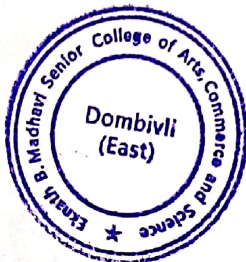

Co-Ordinator: - Asst. Prof. Sonali Sathe.

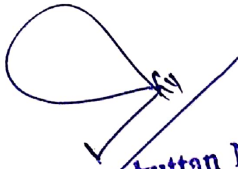

**Nature Co-curriculum activity:**

1. Celebration National Girl Child Day Objectives of Activity
2. To create awareness on "Save Girl Child"

**Brief Information about activities:**

The **National Girl Child Day** is celebrated in India every year on January 24. It was initiated in 2008 by the Ministry of Women and Child Development and the government of India, to spread public awareness about inequities that girls face in Indian society. The day is celebrated with organized programs including awareness campaigns about Save the Girl Child, child sex ratios, and the creation of a healthy and safe environment for girls. On this occasion our college student performed street play. The objective of was spread awareness among people about inequalities faced by girls in the country, promote awareness about the rights of girl children and increase awareness on the importance of female education, health, and nutrition.

**Two Bandhara on River**  
**Academic Year 2021 - 22**  
**Date: 22/02/2022 to 24/02/2022**

Jal hai toh kal hai. Water is the most important element of our life. The NSS Unit of our college in collaboration of Rotary Club, Kalyan, had organized the three days residential camp at Dhasai forest Shri Kshetra Takeshwar.

On the 2<sup>nd</sup> and 3<sup>rd</sup> day of our camp, our plan was to build two bhandharas in the river flowing through forest to accumulate water in the riverbed. Early in the morning on 23<sup>rd</sup> Feb 2022, we started our work for the first bandhara. We filled the sacks with soil by digging nearby the river. With the help of the villagers we arranged all the sacks properly to form a bandhara.

On 24<sup>th</sup> Feb 2022, we repeated the same activity as we had done on the last day to make the another bandhara at another location.

After the completion of this work, the water level of the river which was just 5 to 6 inches before, was increased upto 5 to 7 feet.

Animals living in the forest area, which are totally depended on the flowing water of the river for drinking water, now made available with two temporary bhadhara with ample of water storage for drinking, as well the people living in the locality could use ample water for their daily needs and farms.

**Tree Percolation Digging  
Academic Year 2021 - 22  
Date: 23/02/2022**

Trees provide us with many utilities, such as oxygen, fruits, medicines, timber and many more. Our college NSS Unit and Rotary Club Kalyan had organized a three-day residential camp at Dhasai forest Shri Kshetra Takeshwar. To avail water to the trees on the slope of the mountain, we had dug many ditches to collect the monsoon water to pertain in the land. Our intention behind this was to increase the water level of the area so that trees will survive forever.

Our 31 volunteers of NSS and Rotary Club Valunteers had attended this camp. Our Two teaching Faculty members and Rotary Club Co-ordinator were accompanied them.

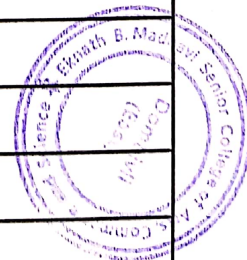

The forest officials of the Dhasai Forest Department had guided us to find the proper location for the digging the ditches. They provided all the essential instruments for digging.
